EDUCATION

Master of International Business

GPA: 4.0143/5 Rank: 1/14 (top 1)

LuDong University, China

09/2023-06/2026 (Expected)

Main Courses: *International Business (93/100), Economic Analysis and Application (91), International Trade Policies and Practices (95), Business English (91), International Finance Theory and Practices (90), International Investment and Multinational Enterprise Management (87), International Investment and Financing Decision making and Risk Management (86), etc.*

Bachelor of Financial Engineering

GPA: 90.92/100

Shandong University of Finance and Economics, China

09/2017-06/2021

Main Courses: *Statistics(97/100), Financial Econometrics(93), Calculus II(91), Financial Stochastic Dynamics(91), Econometrics(91), Financial Matlab Programming(91), C++Programming(87), Financial Mathematics(88), Operations Research(OR)(94), Linear algebra(87), Probability theory and mathematical statistics(85), etc.*

PUBLICATIONS

- Qi hailan, Wang lifen, Zhang xiaohui, **Sun jiayi**. Company K's Sustainable Strategic Response to the EUDR Act. *China Professional Degree Case Centre*. **Accepted**. 2024
- **Sun jiayi**, Liu yaxin, Li junjian. Research and Policy Recommendations on the Level of Digital Economy and Trade Exports in Shandong Province. *Journal of Applied Economics and Policy Studies*. **Accepted**. 2025
Presented on the International Symposium on High-Quality Economic Development between China and the Republic of Korea under the APEC Framework 2025
- **Sun jiayi**, Liu yaxin, Li junjian. Analysis of Interest Rate Parity Deviation and Influencing Factors under the '8.11' Exchange Reform Policy--Based on Interest Rate Parity Theory. **To be submitted**.

RESEARCH EXPERIENCES

A Study on the Impact of Green Credit on the Implicit Carbon Emission Efficiency of Export Trade

Master thesis

03/2025-03/2026

- Integrated carbon emissions and trade data using **Python** and **R**, including interregional input-output tables across 30 provinces in China.
- Applied panel data econometric methods in **Stata** (fixed effects, mediation, and threshold analysis) to evaluate the impact of green credit.
- Generated policy insights based on empirical findings, promoting the low-carbon transformation of export trade and achieving coordinated development of the economy and the environment.

Research and Policy Recommendations on the Level of Digital Economy and Trade Exports in Shandong Province.

06/2025-10/2025

Published in Journal of Applied Economics and Policy Studies; Presented on the International Symposium

- Performed empirical analysis using **Stata** to assess the impact of digital economy development on export performance, applying econometric methods including benchmark regression, heterogeneity analysis.
- Interpreted empirical results to generate policy insights on regional disparities (coastal vs. inland) and export competitiveness.

Default Risk in Local Government Bonds --An Analysis Based on the KMV Model (Undergraduate thesis)

01/2021-06/2021

Recognised as an outstanding thesis

- Built a credit risk model in **R** based on the KMV framework to estimate bond default probabilities.
- Applied VAR models to analyse relationships between default risk and macroeconomic indicators.
- Conducted **time series analysis** including stability tests and impulse response functions.

INTERNSHIP EXPERIENCE

Part-time High School English Teacher

09/2021-06/2023

- Did part-time work as an English teacher, be good at communication, detail, and problem-solving skills.

SKILLS & LANGUAGES

- **Quantitative Methods & Tools:** Stata, R, EViews; panel data analysis, time series analysis
- **Programming:** MATLAB, C++, R, Python.
- **Languages:** English (IELTS 6.5), Chinese (Native).

SELECTED HONORS & AWARDS

National Level

- Third Prize in National College Students' English Competition, 2019
- National Third Prize in International Trade Competition of National University Business Elite Challenge (RCEP International Business Development Market), 2024
- National Second Prize, Individual Excellence Award in International Trade Finance Competition for Master of International Business (MIB) postgraduate students, 2025

Provincial Level

- Third prize of Shandong Province in the international trade competition of the national college business elite challenge, 2023
- Excellent award of Shandong Province in the "ICBC Cup" national college student financial science and technology innovation competition, 2025

University Level

- First class scholarship of Shandong University of Finance and Economics(**twice**), 2018
- Second class scholarship of Shandong University of Finance and Economics(**twice**), 2019, 2020
- Luxin Scholarship (**Only 35** students in the entire school won this award), 2019
- Third class scholarship of Ludong University(**three times**), 2023, 2024, 2025
- Outstanding Graduate Student, 2025

REFREES

Professor Bi Sifeng

School of Finance, Shandong University of Finance and Economics

Supervisor of Undergraduate Thesis

Email: bisifeng@sdufe.edu.cn

Associate Professor Zhang Xiaohui

School of Business, LuDong University

Graduate Research Supervisor

Email: 3445@ldu.edu.cn

SUMMARY

- Quantitatively trained researcher with strong experience in econometric analysis and policy evaluation.
- Skilled in Stata, R, and Python for panel data , time series data and causal analysis.
- Interested in applying analytical thinking and quantitative methods to research.
